

STRATEGIC PLANNING CHECKLIST

For Manufacturers Who Want to Make More.

DO YOU WANT TO GROW YOUR BUSINESS?

If it's been awhile since you did a formal strategic plan, now is the time! Use this checklist of questions and action items to get the ball rolling.

MARKET ANALYSIS

START HERE

| INTERNAL ASSESSMENT | CUSTOMER INSIGHTS |
|---|---|
| Do we have a backlog? How long?Is that high/low for us? | Identify our top customers and their contribution to revenue. |
| Do we have a good sales pipeline?What is it for the next 3 months? 6 months? | Assess vulnerability if top customers leave. |
| Are current customers reordering at their usual rate? Less? More? | Consider if it's time to "fire" some customers who consistently result in losses. |
| What has the trend in revenue & profitability been for | Identify companies similar to our current customers. |
| the last 4 quarters? | Determine common product requests from our customers. |
| EXTERNAL ASSESSMENT | Explore other industries using similar products. |
| How are the industries we serve doing globally and locally? | Investigate customer satisfaction and strategies for improvement. |
| What are the latest trends in those industries | |
| driving growth in the coming year? | CAPACITY & EFFICIENCY |
| THE COMPETITION | Evaluate machine and equipment utilization efficiency. |
| Identify who and where our competitors are (Local, Regional, Global). | Assess capacity to handle more jobs without hiring or buying more machines. |
| Analyze how we are the same/different from our competitors. | Identify bottlenecks or inefficiencies in production processes. |
| Evaluate the performance of our competitors. | Explore optimization of production schedules for increased throughput. |
| | Consider investments in new equipment or |
